SPC946 New Coax Coring Tool Kit

The Specialized Products SPC946 Tool Kit features Cable Prep SCT Series Stripping and Coring Tools that will work on coaxial cables. They are color-coded for easy cable identification: Yellow .500", Green .625", Red .750" and Gray .875". The tools strip back and bevel the outer conductor and core the dielectric in one operation. The tools feature a one-piece blade for perfectly aligned cutting edges, a beveled outer conductor edge that eliminates o-ring damage and a lightweight plastic body. Additionally, the Gator center conductor beveller and cleaner is included to bevel and fully clean center conductors, all packaged in a sturdy rugged ArmaCase.
