

Features & Benefits of the Cable Prep Torque Wrench

- Prevent damage to equipment from over tightening or signal loss due to loose connectors.
- Factory tested and guaranteed to provide consistent torque over the life of the tool.
- Color coded rings for easy identification of different torque (inch pound) settings.
- Knurled tool body provides a gripping surface to ensure a firm hold during use.

How can a simple torque wrench be an innovation? When Cable Prep decides to offer something to our customers that they can purchase elsewhere, we will only do it if we feel that we can IMPROVE upon it. And we have. Unlike other torque wrenches we tested, the Cable Prep Torque Wrench will ALWAYS apply the stated torque EVERY time.

Zero guesswork...just rotate and go.

Available Part Numbers:

- TRX-7/16-20 (20 inch pounds, Yellow)
