

The **RST-8514** is a mid-span slitting tool used to create access in round FTTH riser cables. It works with 8.5mm to 14mm round cables.

#### Easy to use:

1. Press the tool against the cable to be accessed.
2. Grip the tool and the cable firmly in one hand and pull.

Blade is easily replaced. Order replacement part number **RST-RB25** for package of 25 replacement blades.
