Cushion-Grip Impact Punchdown Tool Kit – 110/66

The Cushion-Grip Impact Punchdown Tool Kit provides everything required to install and maintain 110 and 66 panels, cross-connect systems and wall jacks with secure terminations. Utilizing an optimized two-step impact process, the punchdown tool precisely inserts and then trims off excess wire, confidently punching down a secure and neat termination every time. The kit comes complete with a pick that enables manipulation of wires at busy blocks and panels, one Dura-Blade™ 110/66 cut combination blade and a pouch to store tools.

Wire Pick*

- Pick-up, separate or remove wires, small components, covers or debris from panels, blocks or jacks
- Non-conductive material prevents shorts
- Hook and spudger ends included

Multi-Pocket Pouch

- Separate compartments to store punchdown tool, wire pick and spare blades
- Metal belt clip included
- Heavy-duty pouch with reinforced puncture-resistant bottom

*Included in kit and sold separately

Cushion-Grip Impact Punchdown Tool – 110/66*

- Hi/Lo impact functionality for adjustable compression force on various wire gauges, blocks and jacks
- Cushion-Grip handle reduces hand fatigue and provides superior comfort
- Easy blade insertion with bayonet-style (twist & lock) socket
- Accept most manufacturers' punchdown blades
- Heavy-duty metal collar for strength and longevity
- Integrated, extra-long shaft for reaching into bulky, crowded blocks

Dura-Blade™ 110/66 Cut Combination Punchdown Blade*

- Dura-Blade™ manufactured using metal injecting molding (MIM) technology for increased quality, durability and performance
- Precise cutting-edge for clean, accurate wire insertion and trimming
- Dual 110 and 66 cutting ends for versatility
- Compatible with bayonet style (twist & lock) socket punchdown tools
