

Sticklers™ Optical Grade Dust & Particle Remover

Product Features:

- Cleans dust and grit from inaccessible areas
- Nonflammable
- Safe on energized equipment
- High-purity, optic grade
- Dries trapped moisture
- High pressure abrasion free cleaning
- Leaves no residue
- Plastic safe

Before installing or removing a fiber optic connector for inspection or cleaning, use the Sticklers™ Optical Grade Dust & Particle Remover to make sure the area around the connector is dry and dust-free. Finish the job by cleaning the connector and it's housing with the appropriate Sticklers brand connector cleaning product.

The Sticklers Optical Grade Dust & Particle Remover features a lockable, variable-control trigger spray for single-hand operation. The removable extension tube blows particles and moisture from areas that are otherwise inaccessible. Double filtered to ensure microscopic high-purity, the Sticklers Optical Grade Dust & Particle Remover is nonflammable, plastic safe and leaves no residue. Also safe for use on related network equipment including test instruments, electrical connectors, circuit boards, photo & video equipment. Leaves no residue.

When you need perfectly clean splices & connectors™

Technical Details	
Odor	Slight, Ether
Boiling Point	- 26°C/-16°F
Chemical family	HFC
Evaporation Rate	Instant
VOC % (US EPA)	0
Vapor Pressure @ 20°C	96 PSIA
Moisture Content	<10 ppm
Health, Safety, and Environmental Data	
Flashpoint	None
Flammable	No
NFPA	Health: 1 Flammability: 0 Instability: 1
Organic Content (g/l)	0.0
RoHS and WEEE Compliant	Yes
GHS/ICS Pictogram	None Required
Packaging	
Optical Grade Dust & Particle Remover	
MCC-FOD10A	10 oz - 225ml/280g
