

JAMESON®

YELLOW JACKET™

COATED FISH ROD

NEW Yellow Jacket Coated Fish Rods

- Splinter Shield protective coating eliminates painful stingers from fiberglass splinters
- High-tensile fiberglass reinforced polyester core provides industry leading bend strength for tight radius bends
- Three available rod diameters provide Low, Mid, and High-flex options to suit a variety of cable installation needs
- Ultra-bright omnidirectional LED Light Tip included in every Yellow Jacket Fish Rod Kit

SCAN WITH CAMERA

Yellow Jacket™ Coated Fish Rods from Jameson are perfect for fishing wire and cable with confidence and ease in any environment. Our tough, durable coated fish rods provide the strength and versatility you need when pulling wire and cable in suspended ceilings, raised floors, attics, crawlspaces, or interior wall cavities.

Splinter Shield™ Protective Coating

Resists abrasion and eliminates painful fiberglass splinters, allowing better control and glove-free use by installers.

Six Available Rod Attachments

Compatible with all Jameson Fish Rods and provide ultimate versatility for any wire and cable fishing need.

Exceptional Bend Strength

Fiberglass reinforced polyester core with protective polypropylene coating provides best-in-class bend strength for use in tight bend applications.

Three Available Rod Diameters

Individual kits and combo kits offer choice of Low, Mid, and High-Flex rod performance.

■ 1/4" Diameter Low-Flex Coated Fish Rods

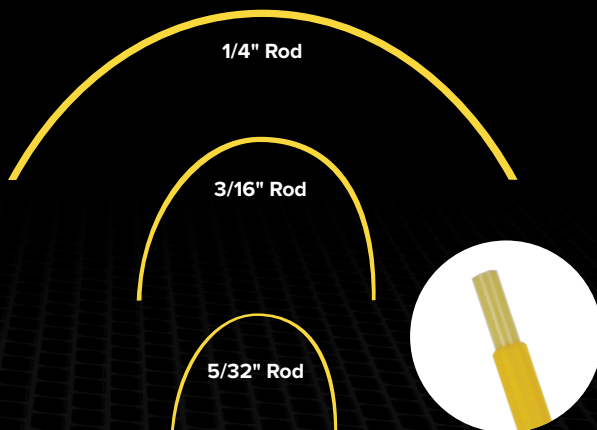

Our low-flex rods are perfect for longer spans and larger cable pulls. Featuring high-strength 750 lbs. pull-strength, they can also withstand a 4.5" bend radius.

■ 3/16" Diameter Mid-Flex Coated Fish Rods

Mid-flex rods offer great mid-range performance for shorter runs and limited spaces. Featuring tough 500 lbs. pull-strength and flexible 3" bend radius.

■ 5/32" Diameter High-Flex Coated Fish Rods

Our smallest diameter rods offer extreme flexibility capable of super tight 2.5" bend radius while also providing 300 lbs. pull strength.

LED LIGHT TIP

BALL CHAIN

MAGNETIC HEAD

METAL BALL CHAIN (7-04A)

Extends reach of fish rod in hard to navigate spaces. Combine with magnet tip to retrieve rod end in blind applications.

MAGNETIC TIP (7-05A)

High-strength rare earth magnet tip helps retrieve metal objects or ball-chain in hard-to-reach spaces.

LED LIGHT TIP (7-09A)

Included in all Yellow Jacket kits, the bright white omnidirectional tip light illuminates dark spaces. Light accepts all Jameson attachments.

LUMINESCENT WHISK

BULLET NOSE WITH EYELET

HOOK

YELLOW JACKET COATED FISH ROD ULTRA INSTALLER KIT

The ultimate in wire fishing performance and versatility from Jameson. Featuring all three rod diameters for a combined 60 ft. of total reach; this kit includes all six attachments plus a rigid nylon carry case.

RIGID STORAGE CASE (7-5B)

Reinforced nylon construction

ADJUSTABLE SHOULDER STRAP

Easy carrying and transport

ZIPPERED EXTERIOR POCKET

Organize all your rod attachments

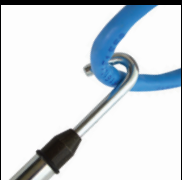

LUMINESCENT WHISK (7-08A)

Tough glow-in-the-dark fins glide over obstacles in low-light applications. Whisk accepts all Jameson attachments.

BULLET TIP (7-00A)

Versatile bullet tip with eyelet provides quick and easy attachment point for pull line, wire, or cable.

HOOK TIP (7-01A)

Low profile single hook design navigates existing installs. High-strength hook tip easily grabs and pulls selected wire or cable.

JAMESON®

YELLOW JACKET™ COATED FISH ROD

Low-Flex Coated Fish Rod Kits

Part Number	Description	Kit Contains
7C-82T	16' Low-Flex Fish Rod Kit	(8) 2' Low-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)
7C-37T	15' Low-Flex Fish Rod Kit	(3) 5' Low-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)

Mid-Flex Coated Fish Rod Kits

Part Number	Description	Kit Contains
7SC-62T	12' Mid-Flex Fish Rod Kit	(6) 2' Mid-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)
7SC-35T	15' Mid-Flex Fish Rod Kit	(3) 5' Mid-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)

High-Flex Coated Fish Rod Kits

Part Number	Description	Kit Contains
7SSC-35T	15' High-Flex Fish Rod Kit	(3) 5' High-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)

Multi-Flex Coated Fish Rod Kits

Part Number	Description	Kit Contains
7C-45-15T	25' Multi-Flex Fish Rod Kit	(4) 5' Low-Flex Fish Rods, (1) 5' Mid-Flex Fish Rod, LED Light Tip (7-09A), Hook Tip (7-01A), and Bullet Tip with Eyelet (7-00A)
7C-30KT	30' Multi-Flex Fish Rod Kit	(2) 5' Low-Flex Fish Rods, (2) 5' Mid-Flex Fish Rods, (2) 5' High-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), Bullet Tip with Eyelet (7-00A), Whisk Tip (7-08A)
7C-60KB	60' Multi-Flex Fish Rod Kit	(6) 5' Low-Flex Fish Rods, (3) 5' Mid-Flex Fish Rods, (3) 5' High-Flex Fish Rods, LED Light Tip (7-09A), Hook Tip (7-01A), Bullet Tip with Eyelet (7-00A), Whisk Tip (7-08A), Magnet Tip (7-05A), Ball Chain Tip (7-04A), and Rigid Nylon Carry Case (7-5B)
