

Low Voltage Insulating Blankets

Superior quality dielectric blankets are designed, manufactured, and tested in the USA in strict accordance to current ASTM D1048 specifications.

All Blankets measure 3' X 3'. The Class Identification voltage rating is the same as Insulating Rubber Gloves but there is no colored identification tag.

Class 0 and Class 4 Blankets are both Type II made of ozone-resistant EPDM synthetic rubber.

Class 2, Type I Blanket is made of natural rubber.

Blanket Kits Include: Blanket Clamp Pins (Pair) and Canister (BLK-SC7)
