

Ratcheting Box End Wrenches

The secure hold and size benefits of the Cementex Box End Wrenches with the added features of a ratcheting head. Precision ratcheting head is guaranteed to withstand your heavy work load while saving valuable time.

- Classic design slightly larger than a standard box end wrench
- Slender head allows access to tight locations
- Wide range of sizes and length
- Reverse direction by flipping sides
- Cementex double layer insulation system utilizing superior material and processes to provide the safest insulated tools.
