

Kimtech Science™ Kimwipes® Delicate Task Wipes

The industry standard for labs and research

When it comes to precision cleaning in a lab or research environment, you need wiping products you can trust. The Kimtech™ Brand's innovative wiping solutions provide the assurance you need to do your best work while protecting critical environments and processes.

The industry standard for labs and research. Introduced over 70 years ago, Kimtech Science™ Kimwipes® Wipers were the first delicate-task wiper for laboratories and since then have been the market leader for wiping surfaces, parts, instruments and cleaning lenses. Other products have tried to imitate, but have never matched the original. Don't put your delicate processes at risk.

FEATURES & BENEFITS

- Gentle texture
- Low lint and low extractables
- Also available in 2-ply and 3-ply for increased absorbency

TASKS

- Delicate task wiping and cleaning of instruments, lenses, surfaces, and parts
- Absorbing liquids

ENVIRONMENTS

- Labs
- Research facilities
- Healthcare, medical/dental offices
- Pharmaceutical, biotech, high-tech
- Education
- Manufacturing
