

Micro-Strip® Kit Information

Fiber Optic and A.W.G. Wire Stripping Starter Kits

Fiber Optic Stripping Kit

This fiber optic stripping kit, **MS-FOK-1**, contains stripping tool, blade and fiber guide components for both outer jacket stripping (up to 3.5mm) and coating/buffer stripping (up to 900µm). It comes packaged in an attractive metal case.

Fiber Optic Stripping Kit

This convenient three-step fiber optic stripping kit, **MS-FOK-2**, contains Kevlar scissors and prefitted strippers for outer jackets (up to 3.5mm), 900µm buffers and 250µm coatings.

A.W.G. Wire Stripping Kit

This A.W.G. wire stripping kit, **MS-TK-1**, is used for precision stripping of 18-32 gage fine wire. It contains a standard stripping handle with a variety of blade and guide components for stripping a wide range of solid or stranded wire.

Soft-Strip® Kit Information

Thermal Stripping Starter Kits

Multi-Fiber Thermal Stripping Kit

The **MS-SK-1** kit contains the patented Soft-Strip® thermal stripper and components necessary for stripping the most popular ribbon types including 2-12 fiber encapsulated, bonded or ribbonized constructions. It is powered by an AC wall outlet adapter (order separately).

Single-Fiber Thermal Stripping Kit

The **MS-SK-2** kit includes patented Soft-Strip® thermal stripper and components necessary for stripping discrete fibers with Cladding diameter up to 140µm and Coating/Buffer diameter up to 900µm. It is powered by an AC wall outlet adapter (order separately).
