

# Cable Prep Cobra 360 Compression Tools

## Cobra 360 Compression Tools

Cobra 360 compression tools attach compression connectors used in drop cable applications. Low in cost and highly productive, the Cobra 360 features a performance-driven design that delivers easy, powerful leverage and ensures consistent, precise connections, every time.

### Specifications

Part Number	Color	Dimensions and Weight
COBRA 360	Black	5.5" and .65 lbs
COBRA 360-830G	Green	5.5" and .65 lbs
COBRA 360-710G	Green	5.5" and .65 lbs

## Cobra 360 Coax Compression Tool

The CablePrep COBRA 360 Coax Compression Tool is a compact and ergonomic coax crimper designed to crimp all RCA and F-type compression connectors used on such coax cable types as RG6, RG59, RG7, RG11 and mini-coax cables.

- Patented self-releasing dogs to provide 360° connector support ensuring uniform compression.
- Dual integrated coax connector supports allow for fast conversions from RG6/59 connectors to RG7/11 connectors without the need to change tools.
- Cobra tool has a high grade plastic tool body that carries a lifetime warranty. All moving parts that are subject to wear have a one-year warranty. See SPECIFICATIONS tab for more detailed information.
