

Rural Broadband Solutions

Specialized Products Company has partnered with EXFO to bring fiber-to-the-home (FTTH) to rural communities. SPC's Installation, Validation and Maintenance Kits support rural fiber-optic network designs developed to launch and operate FTTH networks in more than 600,000 rural areas across 22 states with kit solutions. These products will provide the equipment needed for end-to-end broadband deployment from a project's conception all the way through to its long-term sustainability.

- Ensure Your Network is RDOF Ready to Maximize FCC Funding
- Succeed with your Rural Digital Opportunity Fund (RDOF) deployments.
- Our wide range of proven test solutions (GPON, XGS-PON, Cable, and fixed Wireless) supports seamless implementation and will give you the tools, confidence, and know-how to meet FCC delivery milestones and reporting requirements.
