

# Top Brands! FiberXP, Spectris Tool, SPC Tool Kits and ArmaCase

## Spectris Tool: High Quality Low Price

Spectris Tool offers high quality tools necessary to provide quality installations to your customers.

- Extensive experience and product lines cross all markets from Telco, Broadband and Wireless to Electric Utility, OEM, Enterprise, Mining, Oil and Gas.
- Spectris Tool delivers innovative and proven products whether you need to build a network, upgrade a system, or make simple repairs.
- Spectris Tool has the products you need to complete the job.

## FIBER XP™

## FiberXP Fiber Tools, Test Equipment, Connectors and more

FiberXP™ offers a complete line of fiber optic tools, test equipment, cables, connectors, adapters, sleeves and more.

- Fiber Optic Anaerobic and Epoxy connectors offer high performance in a quick and easy field-termination solution for single mode and multimode connections plus standard industry interfaces, and consistent reliable performance.
- OTDR launch cables are used with an OTDR to minimize the event dead zone and to allow measurement of the complete link loss of a fiber.
- Fiber Optic microscopes, adapter caps, launch boxes and visual fault finders.

## Waterproof Cases. Protect your investment.

ArmaCase Waterproof Cases are designed to protect your valuable equipment, devices and products against the most hazardous elements. They are shock resistant, airtight, crack proof and watertight. All cases are made of sturdy polypropylene (PP) and include a neoprene O-ring seal to provide a high level of protection against impact, dust, moisture/precipitation and extreme temperatures from -40°C to +80°C. Easy open/close locks

- Automatic air pressure relief valve, Gor-Tex membrane
- Eyelet holes for padlocks
- Watertight/dustproof sealing O-ring
- Backpack System available (AC4000, AC5000, AC6000)
- AC6700 cases include wheels and extension handle

## SPC Tool Kits

Specialized Products Tool Kits feature a comprehensive collection of essential tools required for tasks associated with installation, maintenance, termination and repair, customizing tool kits for industry-specific applications.

- Contained in heavy duty cases, backpacks or carry cases, the contents of each kit vary depending on each specialty and include high end and specialty products.
- We inventory over 300 variations of standard tool kits with the capabilities to modify or customize any kit to meet your exact specifications.
- SPC is dedicated to offering the fastest turnaround in the industry. All inventory is kept in stock in a central warehouse for immediate shipment.
- Orders are shipped the same day they are received for the added convenience of next day delivery.
- Our commitment to quality is reflected in the superior tools, cases and test equipment we sell. Industry recognized brand names include Fluke, AFL, Fluke Networks, Cementex, Exfo, Noyes Fiber, Burndy, JDSU, AEMC, PulseTech, Tempo, Thomas & Betts and more.
- Competitive pricing plus personal assistance and support during and after the sale comprise the Specialized advantage! Contact our sales department for customized fiber optic kits and installer tools.
